Your Healthcare Training Platform of Choice in Asia-Pacific

BURN INJURIES MANAGEMENT PROJECT TRAINING

August 3 - 8, 2026 | Taipei, Taiwan

TIHTC INTRODUCTION

Taiwan International Healthcare Training Center (TIHTC) was established in 2002 by the Ministry of Health and Welfare (MOHW), and has been administered by Taipei Hospital, MOHW since its inception.

TIHTC integrates the top medical teams and resources in Taiwan and provides continuing professional development training for healthcare professionals around the world. In the past 24 years, TIHTC has successfully trained over 2,300 healthcare professionals from 84 countries who are seeking to deepen clinical skills, and built capacity in preparation for emerging health challenges.

TRAINING OVERVIEW

This training is co-organized by Taiwan Society for Burn Injuries and Wound Healing

Effective burn care requires multidisciplinary coordination, specialized clinical protocols, and long-term rehabilitation planning. This project training introduces comprehensive burn injuries management, from acute care to recovery and system-level organization.

Drawing on Taiwan's clinical experience, the program covers burn prevention strategies, acute burn treatment, wound care principles, infection control, and rehabilitation planning. Participants will also explore how burn care services are integrated within broader emergency and trauma systems.

Language: English

Target Group: Medical professionals who work in burn care or plastic surgery departments

Application Deadline: July 3, 2026

LECTURE TOPICS

- Burn Injuries Introduction
- Management of Burn Injuries and Pain Control
- AI Used in Burn Wound
- Multidisciplinary Burn Care Team Coordination
- Medical Institution Visitation
- and more
