

Hydrotech Research Institute, National Taiwan University
Application Form for Full-Time Research Faculty Position

College of Bio-Resources and Agriculture and College of Engineering, National Taiwan University

I. Applicant Information

Full Name		Name in Chinese (if applicable)	
Date of Birth (YYYY/MM/DD)		Position Applied For	☐ Assistant Research Fellow ☐ Associate Research Fellow ☐ Research Fellow
Primary Nationality		Secondary Nationality	
Telephone		E-mail	
Mailing Address			

II. Education

Institution	Department / Major	Degree	Period (YYYY/MM–YYYY/MM)	Remarks

III. Professional Experience

Institution / Organization	Position / Title	Period (YYYY/MM–YYYY/MM)	Description of Work

IV. Areas of Expertise

Primary Area(s)	☐ Hydraulic Engineering ☐ Water Resources Engineering ☐ River Engineering ☐ Coastal Engineering ☐ Related interdisciplinary fields:
------------------------	--

Research Expertise	
Technology Development / Experimental Experience	☐ Technology R&D ☐ Hydraulic model testing ☐ Laboratory / field experiments ☐ International collaboration ☐ Other: _____

V. Publications

Applicants shall provide a complete list of journal articles, conference papers, and other scholarly publications published on or after August 1, 2020. The representative publication must have been published on or after August 1, 2022 and must be closely related to the applicant's area of expertise. Applicants must have published papers in SCI- or SSCI-indexed journals as the first author or corresponding author. If the representative publication is co-authored, an original certification signed by the co-authors specifying the applicant's contribution must be provided.

Category	Title of Publication	Journal / Proceedings / Volume / Issue	Publication Date	Author Role / Remarks
Representative Publication (published on or after Aug. 1, 2022)				
Reference Publications (published on or after Aug. 1, 2020)				

VI. Previous Project Experience

Please describe previous project experience, including project title, funding source or commissioning agency, role, main tasks, and specific contributions.

Project Title	Funding Source / Client	Project Period	Role / Position	Main Tasks and Contributions

VII. Future Research Directions

A separate research statement or future research plan may be attached.

VIII. Contributions to Institute Missions

- ☐ Develop and lead externally funded research projects ☐ Conduct innovative research relevant to the Institute's mission
- ☐ Participate in technology development, consulting, outreach, and professional services
- ☐ Contribute to international collaborations and academic exchange activities
- ☐ Support institutional development and strategic initiatives ☐ Other: _____

IX. Professional References (Three)

Name	Affiliation	Position / Title	E-mail	Telephone

X. Checklist of Enclosures

- ☐ 1. Curriculum Vitae, including education, employment history, honors, publications, patents, and other relevant achievements.
- ☐ 2. Copy of identification document, such as passport, Alien Resident Certificate (ARC), or national ID.
- ☐ 3. Copy of Ph.D. diploma; foreign degrees must be officially authenticated where required.
- ☐ 4. Documentation of professional experience.
- ☐ 5. Publication list, including journal articles, conference papers, and other scholarly publications published on or after August 1, 2020.
- ☐ 6. One representative publication, published on or after August 1, 2022 and closely related to the applicant's area of expertise.
- ☐ 7. Official undergraduate and graduate transcripts.
- ☐ 8. Research statement outlining future research plans.
- ☐ 9. Summary of previous project experience, including roles, main tasks, and specific contributions.
- ☐ 10. Names, current positions, and contact information of three professional references.
- ☐ 11. Other supporting materials relevant to the review.

XI. Application and Contact Information

The anticipated starting date of this position is August 1, 2027. Application materials should be sent by September 15, 2026, based on the postmark date.

Submission Address: Ms. Shu-Hui Liu, Administrative Office, Hydrotech Research Institute, National Taiwan University, No. 1, Sec. 4, Roosevelt Road, Da'an District, Taipei City 10617, Taiwan.

Applicants are requested to include a daytime contact telephone number in the application package.

Contact: Ms. Shu-Hui Liu; Tel: +886-2-3366-5865; Fax: +886-2-3366-5866; E-mail: liujoyce@ntu.edu.tw.

Salary and benefits will be provided in accordance with National Taiwan University regulations and will be commensurate with the applicant's qualifications and experience.

XII. Applicant Confirmation

Applicant Signature		Date	
Note: If any field is insufficient, please expand the table or attach additional sheets.
